

Hai Nguyen

EXPERIENCE

Software Development Intern (SEP)

Ludwig-Maximilians-University of Munich

Apr. 2024 – Aug. 2024

- Developed "Type Racer" game as part of a software engineering internship.
- Responsible for implementing the Controller component within the Model-View-Controller (MVC) architecture.
- Designed and created the database used for player account authentication and game data storage.

Teaching Assistant – Software Engineering (SWT)

Ludwig-Maximilians-University of Munich

WS 2024/25

- Led weekly tutorials for students in the Software Engineering course.
- Answered student questions and provided support on course topics.
- Organized and graded exams.

Working Student – IT

Rail Power Systems GmbH

Apr. 2024 – Present

- Installed and configured computers and various mobile devices.
- Repaired and upgraded computers.
- Diagnosed and resolved technical problems and issues.
- Monitored, managed, and maintained IT infrastructure.

Lab Courses in Experimental Physics (P1 und P3a)

Ludwig-Maximilians-University of Munich

WS 2022/23 and SS 2024

- Conducted and documented a variety of fundamental physics experiments (P1) as well as advanced experiments in optics (P3a).
- Performed data analysis and visualization using Matlab, gnuplot, and SciPy.
- Interpreted experimental results, applied error analysis, and summarized findings in scientific reports.
- Developed practical skills in measurement techniques and scientific communication.
- Collaborated with fellow students in planning and performing experiments.

EDUCATION

Ludwig-Maximilians-University of Munich

Munich, Germany

B.Sc. in Computer Science and Experimental Physics (Average grade: 1.7)

Oct. 2021 – Present

Preparatory College (Studienkolleg), Konstanz University of Applied Sciences

Konstanz, Germany

Qualification for admission to German universities (Grade: 1.7)

Mar. 2018 – Sept. 2019

Quoc Oai High School

Hanoi, Vietnam

Grade 24/30

Sept. 2013 – Sept. 2016

HONORS AND AWARDS

Vormstein Award for Outstanding Achievement

Awarded for exceptional academic performance and engagement as a graduate of the Konstanz Studienkolleg.

EXTRACURRICULAR ACTIVITIES

Mathematics Competitions

Hanoi, Vietnam

Team Member

- Top competitor in district-level mathematics competitions during primary and secondary school.
- Selected for the city-wide Math Team.

Astronomy

Hanoi, Vietnam

Former member of the Vietnamese Association for Astronomy and Cosmology

ADDITIONAL INFORMATION

Languages: Java, JavaScript, Python, Haskell, Matlab

Technologies: git, gradle, bash, sql, scipy, qiskit, tensorflow

Languages Skills: German fluent, English fluent, Vietnamese native
